

PRESS RELEASE

Zazz gears up for busy Easter with enhanced 'Day Out With Thomas'™ events

Global event and project management company Zazz Projects Ltd is gearing up for a busy Easter with a packed calendar of events under the popular 'Day Out With Thomas' programme.

These are family events featuring Thomas the Tank Engine™ and his railway friends, including Sir Topham Hatt (The Fat Controller) and offer a variety of activities and fun for everyone. The Easter events will take place at Buckinghamshire Railway Centre, East Anglian Railway Museum, Embsay & Bolton Abbey Steam Railway, Gwili Railway and Mid Hants Railway between Good Friday and Easter Monday.

Thousands of children, alongside their families and friends of all ages, are expected to visit participating heritage railways located throughout the country, to enjoy 'Day Out With Thomas' events.

Zazz Projects who are experts in the development and management of events and attractions has held the 'Day Out With Thomas' contract with HIT Entertainment, a leading provider of quality children's entertainment, since Autumn 2007. This year has a particular significance for Thomas & Friends™, as the UK's number one pre-school brand celebrates its 65th anniversary.

Mark Braddock, a director of Zazz Projects, said: "Easter is the time of year when we have the most heritage and railway attractions simultaneously hosting Day Out With Thomas events.

This involves in particular attention to detail, including planning, implementation and control of various elements of these events to ensure satisfaction not only for visitors to the events, but the venues hosting the days out too.

We are looking forward to delivering the project – particularly in this milestone 65th anniversary year, it is a very challenging and rewarding programme of events.

To mark the 65th anniversary of Thomas & Friends, a number of new initiatives are being introduced to further enhance visitor experience - including a series of re-enactments involving characters, engines and visitors."

Marion Cursons, Director of Live Events and Attractions at HIT Entertainment, added: "Days Out With Thomas are a highly popular element of our events and attractions business, delighting many Thomas fans and railway enthusiasts across the UK. They provide the public with an opportunity to enjoy an authentic experience on an original steam train similar to that on which the Thomas character is based."

Throughout 2010, Zazz will oversee the delivery of 242 'Day Out With Thomas' events held at 30 heritage and tourist attractions across the UK.

The work that Zazz carry out involves the management of these events from concept to completion working both with HIT Entertainment and the venues in order to deliver these themed events to the public.

The events are constantly evaluated by Zazz in regards to branding, marketing, operations, facilities and customer service and an ongoing programme of improvements, support and training for the venues allows this Staffordshire based project management company to deliver the high standards required of them.
